English — Fluent

PROFILE SUMMARY

Frontend developer with a strong foundation in building responsive, user-focused, and visually compelling web applications. I specialize in translating design concepts into clean, efficient code using HTML, CSS, JavaScript, React, and Next.js. Passionate about performance, usability, and continuous learning, I focus on creating seamless digital experiences while staying up to date with modern tools and best practices.

WORK EXPERIENCE

Developer Lead

Talent-Tribe *March 2026 – Present | Hybrid*
Leading front-end development efforts, overseeing technical direction and mentoring junior developers. Driving best practices in UI architecture, code quality, and collaborative workflows to deliver high-impact digital products.

Front-end Developer

Junction Community *February 2026 – Present | Hybrid*
Building responsive and accessible web interfaces for the Junction Community platform, including an admin dashboard to track activities and make necessary updates. Collaborating with cross-functional teams to translate design mockups into polished, perform user experiences using React and modern front-end tooling.

Front-end Developer (Intern)

Vergold International *June – August 2024 | Internship*
Created responsive and engaging interfaces, leveraging technology to solve real-world problems. Collaborated on innovative projects, building a strong foundation in front-end development and digital product delivery.

EDUCATION

B.Sc. Computer Science (In View)

University of Ibadan *2024 – 2029*

Secondary School Certificate

Estate High School *2012 – 2018*
